ACI Trinity forum 2019, Doha Qatar	Registration Fee	104,805
Sum		2,610,310

List of Contributions

Organization	Topic	Corporate Position	Description of Position / Engagement	Contributions in FY 2020
Trade Association; Airports Council International (ACI)	Airport Health and Safety Standard in face of COVID-19	Support	COVID-19 outbreak has caused a disruption in aviation industry worldwide. Amid pandemic situation, AOT seeks to demonstrate our leadership and provide support in the development of airport health and safety standards which gives us positive image and boosts confidence among passengers and airlines. Therefore, we engaged with Airports Council International (ACI) as an early adopter of ACI Airport Health Accreditation Programme (AHA) to provide feedback on the implementation of the standard. Collaboration with ACI on AHA standard will not only safeguard our customer and employees but also allows AOT be a role model in pandemic control in aviation industry.	175,592 THB (Participation fee)
Trade Association; Airports Council International (ACI)	Digital transformation in aviation industry	Support	AOT supports the use of digital technology in improving customer experience and operational efficiency while upholding safety and security standards. In doing so, AOT continuously keeps our state of knowledge up-to-date and exchange opinions regarding the future direction of digital policies and regulations. In FY 2020, AOT participated in an event organized by Airports Council International (ACI); the Trinity Forum 2019 where experts in the field assembled to share experience and knowledge. AOT's participation in such event allows AOT to adapt to the latest technological development while aligning with future policy directions (i.e. on data privacy and cybersecurity) and distinguish our company from our competitors.	104,805 THB (Registration fee)

Remark: The only trade association that AOT contributes to during 2017 – 2020 is Airports Council International (ACI)

List of Contributions

Organization	Topic	Corporate Position	Description of Position / Engagement	Contributions in FY 2020
Trade Association; Airports Council International (ACI)	Collaboration in Airport Industry	Support	AOT is a paid member of the Airport Council International (ACI) who is a central organization protecting interests of all member airports during policy development stages, and promoting air transport that is safe, efficient and sustainable globally. As a member, AOT is able to participate or exchange knowledge and best practices in airport operations among leading international member airports, which has an impact on business opportunities, marketing, as well as being a proactive approach for determining future policies and standards regarding airport operation.	2,211,013 (Membership fee)
Trade Association; Airports Council International (ACI)	Green Airport	Support	AOT seeks to demonstrate our leadership in airport environmental management (Green Airport), so we participated in ACI World Environment Sanding Committee meetings. Such event provides an opportunity for AOT to update and discuss on airport-related environmental issues and solutions to operate environmentally-friendly airports. The outcome from these regular meetings could have potential to shape the environmental standards of airport operations in the future.	
Trade Association; Airports Council International (ACI)	Business Diversification of Airport industry	Support	AOT seeks to diversify the airport operation business and increase the non-aeronautical revenue generation. AOT engages with ACI in order to learn from experiences of experts in the field which help us navigate our regional and national context. Thus, AOT hosts a conference; ACI DNA (Developing Nations Airport) Assistance Programme on topic “Non- Aeronautical Revenue,” to understand the potential business boundary and regulatory/policy-related limitations of such transition. Learnings from this event can be applied in shaping the local actions to expand non- aeronautical revenue in local regulatory environment.	118,900 THB (Conference Hosting Expense)
