

Examples of Contribution to ACI in 2018

Issue or Topic	Corporate Position	Description of Position / Engagement	Total spend in FY 2018
ACI Asia-Pacific Regional - Paid membership for benefits in Aviation Security, Operational Safety, Environment, Economics, Human Resources, and Airport Information Technology Liaison	Support	AOT is a paid member of the Airport Council International (ACI) who is a central organization protecting interests of all member airports during relevant policy development, and ensuring that air transportation is safe, efficient and sustainable globally. As a member, AOT is able to participate or exchange knowledge and best practices in airport operations among leading international member airports, which has an impact on business opportunities, marketing, as well as being a proactive approach for determining future policy regarding airport operation. AOT also has the representatives who are members in ACI Asia-Pacific Regional Committees regarding Aviation Security, Operational Safety, Environment, Economics, Human Resources, and Airport Information Technology Liaison Group. AOT's representatives in ACI would allow AOT to have greater chance in determining future direction of airport operation, not only in Thailand but globally.	2,089,098 THB
ACI ASQ Awards Ceremony at Republic of Mauritius	No contribution	AOT attended the meeting of The annual Airport Service Quality (ASQ) Awards at Republic of Mauritius in 2018 aimed to provide recognition and rewarding the best airports in the world according to ACI's ASQ departure and arrivals surveys, which represent the highest possible accolades for airport operators and an opportunity to celebrate the commitment to continuously improving the passenger experience. AOT attended in order to acknowledge the peers with good practices.	72,075 THB
ACI Europe/World General Assembly, Congress & Exhibitions 2018 in Brussel	No contribution	AOT attended the ACI EUROPE Annual Assembly, Congress, & Exhibitions 2018 in Brussel. The event aimed to address the most important issues facing the leaders of the aviation industry, engaging educational sessions and opportunities to network with peers from around the globe. AOT had an opportunity to hear about key airport issues through panel discussions and case studies from airport leaders and CEO-level speakers .	157,935 THB
