Airport Health and Safety Standard in face of COVID-19	<p>COVID-19 outbreak has caused a disruption in aviation industry worldwide. Amid pandemic situation, AOT seeks to demonstrate our leadership and provide support in the development of airport health and safety standards which gives us positive image and boosts confidence among passengers and airlines. Therefore, we engaged with Airports Council International (ACI) as an early adopter of ACI Airport Health Accreditation Programme (AHA) to provide feedback on the implementation of the standard. Collaboration with ACI on AHA standard will not only safeguard our customer and employees but also allows AOT be a role model in pandemic control in aviation industry.</p>	185,600
Airport GHG reduction and Net Zero Target	<p>AOT supports environmental stewardship in aviation industry. Acknowledging that aviation is one of the major contributors of GHG globally, AOT seeks to explore opportunities in GHG reduction energy conservation and efficiency improvement from best practices in the industry. Airport Council International (ACI) offers a great opportunity for AOT to exchange knowledge and learn from leading airports in how we can contribute to the low carbon economy.</p>	2,531,200
